WEBINARS

• This activity will aim to maximise YEIP’s reach and engagement with young people and stakeholders across Europe.

• To achieve this objective, we will use YEIP’s results to develop 2 webinars for young people and professionals hosted on the YEIP website:
  - **Webinars for young people** will be designed in partnership with IARS Youth Advisory Board and will be used to communicate project findings, raise awareness about the risks and consequences of radicalisation activities and promote positive anti-radicalisation messages and safeguarding options. To ensure online visibility we will also develop an awareness raising digital hosted by the 99% Campaign (www.99percentcampaign.org)
  - **Webinar for professionals** will incorporate an audio-visual version of YEIP’s final results informing front-line practitioners and other professionals about YEIPs’ model and state of the art “Prevent” approaches across Europe.

• **Webinars will be produced in English** and a subtitles option in all partner languages will be provided

• Speeches in various conferences in all the participating countries and in pan European events.

• Regular e-newsletters, each reaching 3000 EU contacts.

Focused dissemination activities:

• In order to create a multiplier effect, all partners will tap into their own membership and dissemination infrastructure. For instance, for each e-newsletter that we produce, we will ask them to forward it to their own members. The same will apply to the videos, publications, consultation responses and other proposed activities. Through this method we anticipate to reach a further 5000 organisations and individuals across Europe.

• IARS is registered with the EU Open Air platform https://www.openaire.eu while it publishes its own open access Youth Voice Journal http://youthvoicejournal.com. We will use these open platforms for the open dissemination of relevant project material.

• We will also publish the material (books, toolkit etc.) in kindle, script and other online document platforms. Any material that is produced in hard copy and online will be given an ISBN number and catalogue in the British library.
Focused dissemination activities:

• **Production of 2 webinars** for young people and professionals. We will use YEIP’s results to develop 2 webinars for young people and professionals that will be hosted on the YEIP website.

• **London International Conferences** attended by 100 key stakeholders each from research, policy and practice and young people from across Europe.
